Loans were renewed by brokers at 12 per cent and that was the prevailing rate most of the day. In the afternoon 18 per cent was charged for some loans.

"General indignation was expressed that the bankers should exercise their power over the brokers on such a day. Brokers do not think it fair but as the head of one of the greatest commission houses in the street remarked: "I would be ruined if I made a protest for they would call every loan I have."

It is being made clear to the American public that somebody at Certain Leather 1. vould call every loan I have."

CHICAGO GRAIN. By JOSEPH F. PRITCHARD.

Chicago, Nov. 10.—Considerable activity and a continuous and rapid change in prices were the feature of today's corn market. The market opened at goodly advances because of the wet and unfavorable weather and promise for further rains and snows. Shorts started to cover with prices a secondary consideration, but on the pyramids built by this buying, an avalanche of corn was turned loose and a break of to in the December future was made. largely in sympathy with the decline of 2c to 19c in the price of cash corn.

Levels made on the breaks were to the liking of an army of shorts, and their activities resulted in advances from the lowest levels. The market closed with net gains of 1%c to 1%c for December, ¼c to ½c for January, ½c to ½c for May and ½c for January, ½c to ½c for May and ½c for January, ½c to ½c for May and ½c for January, ½c to ½c for May and ½c for January, ½c to ½c for May and ½c for January, ½c to ½c for May and ½c for July.

Those who have gone over the industrial situation pronounce it in favorage.

WHEAT—The wheat situation bere remains unchanged, a good demand for desixible miling qualities being still in excess of the daily required and offerings. Special grades and weights continue to draw a premium over the government rate.

CORN—There has been a fair inquiry for sample lots of yellow and mixed corn, but white corn is draggy and at a considerable discount. Contract corn is mainly nominal. Spot offerings of old corn are light, and a fair demand for old yellow corn on the track has been noted.

FLOUR—Winter patent, new, 10.501.075; winter straight, new, 11.75a12.25; type flour, medium to choice, 6.75a.715; corn meal, per 100 lbs, 3.75a4.00; etcling of the definition of the price of the daily receipts and offerings.

for May and %c for July.

Those who have gone over the industrial situation pronounce it in favor of the bears in the corn market. Cash sales amounted to \$5.000 bushels. More corn is now available to met the demand. Cash oats sales amounted to \$20.000 bushels, and of this 150.000 bushels were taken for export. Prices were unchanged to ic lower. The strength in corn late induced considerable buying of oats by sborts.

The hog products market was active, but the prices: showed little change. Offerings were smaller.

The future grain and provision prices here today were:

LARD-

COTTON RANGE.

New York. Nov. 18.—There were large offerings of Italian exchange again this morning forcing the rate for lire checks down to the new low of 11.55. German exchange was also heavy, marks checks failing to the new low of 3.75. French was also weak, checks on Paris declining to 9.13. Scandinavian showed a heavy tone, crown checks on Copenhagen making a new low record. In the afternoon marks made a moderate rally. Sterling was firm during the formoon, but eased off slightly in the last half of the day. Today's closing rates were:

Sterling, demand, 4.13%; cables, 4.1%; bank-ext, 50 days, 4.12; 90 days, 4.11%. France, checks, 9.15; cables, 9.13. Belgium, checks, 8.25; cables, 2.56. Austria, checks, 1.05; cables, 1.05. Holland, checks, 1.15; cables, 1.05. Holland, checks, 1.13. Swiss, checks, 5.59; cables, 5.56.

LIVERPOOL COTTON. Liverpool, Nov. 10.—Spots opened with la inquiry today. Prices were firm. Sales amouted to 10,000 bales including 5,500 Americ Receipts totaled 26,000, including 6,200 Am

CLAIMS SOLDIER

Myron T. Herrick Finds Burden to Farmers in Land Proposal.

Myron T. Herrick is much con-cerned over the proposed enlargement and operation of the functions of the United States Reclamation Service. Recently Governor Herrick called attention to the fact that laws have been enacted in California, Maine, Missouri, Montana, Nevada, Oregon, South Dakota and Utah whereby cooperation with the United States in what are called soldier settlements may be secured and providing that the State may condemn private land for the ready made farms and urban houses which the government wishes to put upon the market.

A Socialistic Taint. Congress appropriated \$200,000 to

plans constitute a socialistic scheme, the farmers not being consulted about

Herrick says that the settlement bill goes far beyond its title, and if it becomes a law its provisions are available not only for soldiers, but The accident occurred within two minutes of the end of the game.

"reclamation radicals" ought not to thrust the burden of preparing rec-lamation entirely upon those whom he calls "the overexploited taxpay-ers."
